About CELPIP

The Canadian English Language Proficiency Index Program (CELPIP) is a general English language proficiency test.

The CELPIP Test allows test takers to demonstrate their ability to function in English. The test clearly, accurately, and precisely assesses a test taker's English abilities in a variety of everyday situations, such as communicating with co-workers and superiors in the workplace, interacting with friends, understanding newscasts, and interpreting and responding to written materials.

There are two versions of the CELPIP Test: the CELPIP-General Test and the CELPIP-General LS Test. The CELPIP-General Test assesses functional Listening, Reading, Writing, and Speaking skills. In addition to being the IRCC-approved test for permanent residency applications, the CELPIP-General Test is accepted by some professional organizations, such as the Real Estate Council of British Columbia and Immigration Consultants of Canada Regulatory Council. The CELPIP-General LS Test assesses functional Listening and Speaking proficiency and is the IRCC-approved test for Canadian citizenship applications.

Why Choose CELPIP

The CELPIP Tests are Canada's leading English language proficiency tests. Since all components are completely computer-delivered in just one sitting, they offer a unique testing experience that requires no additional appointments. The computer-delivered Speaking component allows test takers to demonstrate their English proficiency without experiencing the anxiety or self-consciousness that often accompany the interview-style Speaking assessments employed by other testing systems.

The CELPIP-General Test has four components: Listening, Reading, Writing, and Speaking. The CELPIP-General LS Tests has two components: Listening and Speaking.

The CELPIP Test is fully computer delivered, providing test takers the opportunity to complete all test components in one sitting with no additional appointments, interviews, or test sittings required. CELPIP test takers use a computer mouse and keyboard to complete the Reading and Writing components of the test, and a computer microphone and headset to complete the Listening and Speaking components. CELPIP Components

Listening

Number of Questions	Component Sections
1	Practice Task (unscored)
8	Part 1: Listening to Problem Solving
5	Part 2: Listening to a Daily Life Conversation
6	Part 3: Listening for Information
5	Part 4: Listening to a News Item
8	Part 5: Listening to a Discussion
6	Part 6: Listening to Viewpoints

Listening Tip

While test takers will never have access to a transcript on the CELPIP Test, they can be a valuable study aid in the classroom. All CELPIP practice tests come with Listening transcripts which can be used in activities such as dictation, speaking practice, vocabulary learning, and more.

Reading

Number of Questions	Component Sections
1	Practice Task (unscored)
11	Part 1: Reading Correspondence
8	Part 2: Reading to Apply a Diagram
9	Part 3: Reading for Information
10	Part 4: Reading for Viewpoints

Reading Tip

Provide a variety of relevant sources for reading practice, such as correspondence, flyers, short descriptive passages, and opinion pieces. Guide test takers in noticing the content, register and structure of different kinds of writing, and provide practice recognizing and responding to general meaning, specific detail, and inference questions.

Writing

Number of Questions	Component Sections
1	Task 1: Writing an Email
11	Task 2: Responding to Survey Questions

Writing Tip

Teach test takers to take a few minutes to brainstorm and create an outline before they begin to write, and leave themselves some time to check over their work after they finish writing. Test takers should be advised that using the full 26-27 minutes to type as many words as possible is likely to result in disorganization, repeated ideas, unnecessary errors, and a word count penalty.

Speaking

Number of Questions	Component Sections
1	Practice Task (unscored)
1	Task 1: Giving Advice
1	Task 2: Talking about a Personal Experience
1	Task 3: Describing a Scene
1	Task 4: Making Predictions
1	Task 5: Comparing and Persuading
1	Task 6: Dealing with a Difficult Situation
1	Task 7: Expressing Opinions
1	Task 8: Describing an Unusual Situation

Listening Tip

Facilitate both timed and untimed practice in brainstorming ideas and delivering responses. Have test takers use the Performance Standards for peer- or self-assessment, and use them yourself when assessing their speaking. Remind them that organized and well-developed content that relates fully to the question is just as important as strong vocabulary and accurate grammar.

More Teaching Tips

Computer Practice: Encourage test takers to familiarize themselves with the “tech” side of the test, such as listening to audio through headphones, using a mouse to choose answers to Listening and Reading questions, and typing Writing responses by working through one of the free CELPIP practice tests ([available here](#)). Encourage them to practice their writing on a computer, and facilitate computer practice in your own classroom if possible.

Timed and Untimed Practice: Provide opportunities for test takers to develop their skills through untimed exercises such as extended or group brainstorming, editing their writing, and answering a set of Reading questions in their own time. In addition, ensure that they become familiar with test timing and learn strategies for making the most of their time.

Spontaneous Content: Ensure that test takers are aware of the importance of giving their own spontaneous responses for the Writing and Speaking tasks. They must respond in their own words and the content of their responses should apply very specifically to the questions. Teach strategies for brainstorming original ideas and details, and never encourage memorization of “model” responses or templates.

CELPIP Levels

Each component of the CELPIP-General Test and the CELPIP-General LS Test is given a CELPIP Level. Below is a chart of each CELPIP Level and its corresponding description. Since the CELPIP test scores have been calibrated against the Canadian Language Benchmark (CLB) levels, we have included the CLB level equivalencies for your information.

CELPIP Score	CLB Level	CELPIP Score Descriptor
12	12	Advanced proficiency in workplace and community contexts
11	11	Advanced proficiency in workplace and community contexts
10	10	Highly effective proficiency in workplace and community contexts
9	9	Effective proficiency in workplace and community contexts
8	8	Good proficiency in workplace and community contexts
7	7	Adequate proficiency in workplace and community contexts
6	6	Developing proficiency in workplace and community contexts
5	5	Acquiring proficiency in workplace and community contexts
4	4	Adequate proficiency for daily life activities

CELPIP Scoring

CELPIP Listening Test

CELPIP Level	Listening Score /38

5	17-23
4	11-18
3	7-12
M (0, 1, 2)	0-7

The Listening Test is scored out of 38 points. Each correct answer receives one point, regardless of which part of the Listening Test it appears in. Points are not deducted for incorrect answers. Test takers should answer every question, and guess if they have to.

CELPIP Reading Test

CELPIP Level	Reading Score /38
10-12	33-38
9	31-33
8	28-31
7	24-28
6	19-25
5	15-20
4	10-16
3	8-11
M (0, 1, 2)	0-7

The Reading Test is scored out of 38 points. Each correct answer receives one point, regardless of which part of the Listening Test it appears in. Points are not deducted for incorrect answers. Test takers should answer every question, and guess if they have to.

Notes on Listening and Reading:

In addition to the four scored Listening parts and six scored Reading parts, each CELPIP Test includes some unscored content in the form of complete Listening and/or Reading parts. Unscored content is not identified as such, as it is being field tested for quality before potentially being used as scored content. Test takers should not worry about whether a particular Listening or Reading part is scored or not. They should simply do their best on every part of the test.

The numerical overlap in some places in the Listening and Reading score charts is due to score equating. Score equating is the process of correcting final scores for slight variations in difficulty between test forms. For example, if one test taker correctly answers 30 questions on a slightly easier form and another correctly answers 30 questions on a comparatively more challenging form, score equating will correct for the disparity in form difficulty. In this way, we ensure that the test taker's Level reflects their language proficiency and not the difficulty of the questions they received.

CELPIP Score Descriptors

The CELPIP Score Descriptors outline the abilities of a typical test taker in the productive skills (Speaking and Writing), at each CELPIP Level, in each dimension of the Performance Standards. They are available for download [here](#).

To see the Score Descriptors in use, instructors are encouraged to refer to the CELPIP Score Comparison Chart, also located at the link above. The Score Comparison Chart consists of two sample Speaking and Writing responses at each CELPIP Level, with detailed analysis of how the responses align with the Score Descriptors for each category of the Performance Standards.

How to Use CELPIP Score Comparison Chart

To use the CELPIP Score comparison chart, click the test score type you want to study: Speaking or Writing. You can then choose the CELPIP Level you wish to study for and rotate through the score descriptor, sample question and response at that level, and an analysis of why that mark was given.

- Suggestions on how to use each document
- CELPIP products are also highlighted
- Everything in this package needs to be incorporated into the course

Guide to Using the CELPIP Teacher Support Pack

In the **Guide to Using the CELPIP Teacher Support Pack**, you will find information relating to three common prep courses: a longer course with twice-weekly sessions on each of the four skills (Listening, Reading, Writing, and Speaking), a shorter course with any CELPIP practice test. Many of these materials can be incorporated into the teacher's situation.

Teacher Checklist

The **Teacher Checklist** is a printable checklist that considers the most common of practice tests, communication with the course, and other important elements.

Vocabulary Journal

Many students do not have a system by which they can keep track of their vocabulary independently. For each connotation, and, if applicable, collocation, sentence with the word, and to note.

There are numerous ways that students can keep track of their vocabulary: notebooks, online resources, or other resources encouraged to continue using it. How to use the journal is explained in the guide.

Common CELPIP Prep Scenarios

Scenario 1: One-Time Workshop

Workshop length: 4-5 hours **Number of sessions:** 1

In this scenario, you are facilitating a workshop. Workshops shorter than four hours are not recommended as you will likely want to have at least one full session. For a CELPIP-General LS practice test, this will take just over the remaining workshop time.

Ensure that you prepare carefully in order to make the most of this length doesn't allow you to have any one-on-one time to each participant. The most important information about the test is preparing for it. You may consider providing a copy of the test to each participant, ensuring that you get through everything in your workshop.

Things to Consider

→ Which practice test will you use?

- Determine whether you will be using the Listening and Speaking practice test.
- Go to the CELPIP online bookstore (celpip.com) to purchase the practice test.
- Make sure that everyone in the workshop has a copy of the practice test.
- Familiarize yourself with the content of the practice test.

→ Which supplementary discussion topics will you use?

- Choose the activities in advance.
- Decide on the order and timing of the activities.
- Make sure you can give clear step-by-step instructions.
- Collect/print/copy any necessary materials.
