“ When I took CELPIP, I found it was like speaking English in real life. You speak every day with your boss and with your friends, and the CELPIP Test represents those every-day, real-life language situations. ”

- **Rafaela B.**, CELPIP test taker

“ I had taken another English language proficiency before, and CELPIP was more relatable to me. All of the questions were situations I was familiar with from daily life, and were like conversations I had experienced personally. ”
